

# Gas Outage Update

Dear Resident,

We are extremely sorry for the hardship caused by the ongoing gas outage at Baruch Houses. We're working with the Department of Buildings and ConEd to restore gas service as quickly and safely as possible. Please see below for an update on the steps that need to be taken to restore gas service.

| <b>Steps to restore gas service:</b>  | <b>Current status:</b>  |
|---------------------------------------|---|
| <b>Inspections</b>                    | COMPLETED   |
| <b>Asbestos Testing &amp; Removal</b> | Asbestos Abatement to begin 8/13/2019   |
| <b>Construction</b>                   | Gas Riser Replacement will begin upon the completion of asbestos abatement, tentatively 9/2/2019                                      |
| <b>Safety Inspections</b>             | Safety Inspections will begin upon the completion of physical construction tentatively 9/30/2019                                      |
| <b>Service Restoration</b>            | Gas Service Restoration is tentatively schedule for 10/14/2019, where possible NYCHA will work to expedite all steps in this process. |

NYCHA is committed to restoring service as quickly as possible. We apologize for this hardship and appreciate your patience and cooperation while we make the necessary repairs.

If you have any questions, please don't hesitate to reach out.

Sincerely,

Karen Moyer  
Property Manager, Baruch
